SUMMARY

Aspiring Full Stack Developer with hands-on experience building web applications using the MERN stack. Strong focus on writing clean, maintainable code and implementing real-world features like API integration, authentication, and real-time communication. Committed to continuous learning and building impactful solutions.

PROFESSIONAL SKILLS

Full Stack Web Development (MERN)
REST API Development & Integration
Frontend Development (React.js, HTML5, CSS3)
Backend Development (Node.js, Express.js)

TECHNICAL SKILLS

HTML, CSS, JavaScript, React, Node.js, Tailwind, Express.js, MongoDB, Mongoose, Redux, REST APIs, Git, GitHub, Postman, WebSocket, Python, C++, Redis, Authentication & Authorization

PROJECTS

Blogify – Full Stack Blog Application   Jun 2025 - July 2025

Tech Stack: React, Node.js, Express.js, MongoDB, JWT, Bcrypt, Multer
Developed a full-featured blog platform where users can register, log in securely, and manage blog posts with image uploads. Implemented RESTful APIs, token-based authentication, and secure file handling. Focused on building a clean, responsive UI and robust backend using the MERN stack.

STREAMIFY – Fullstack Chat & Video Calling App (In Progress)   Aug 2025 - In Progress

Tech Stack: Node.js, Express.js, MongoDB, React, TailwindCSS, TanStack Query, Zustand
- Developing a full-stack chat platform with JWT authentication, onboarding flow, friend system, and protected routes.
  1. Implemented real-time messaging with typing indicators, message reactions, and 32 dynamic UI themes.
- Building video calling features with 1-on-1 and group support, screen sharing, and recording using scalable APIs.
- Focused on clean architecture, custom hooks, API testing, global state management, and full deployment readiness.

EXPERIENCE

Python Development Intern   Jun 2024 - Aug 2024

Tech Octanet Services Pvt. Ltd. — Virtual Internship
- Completed a 2-month virtual internship focused on Python development and fundamental backend concepts.
- Gained exposure to working on real-world tasks, writing clean Python code, and learning project development basics.
- Received official certification for commitment and performance during the internship period.

EDUCATION

Bachelor of Technology in Computer Science   Sep 2022 - Sep 2026

Sangam University, Rajasthan
- Gained foundational knowledge in computer science with a strong interest in full-stack web development.
- Focused on practical learning through self-built MERN projects, authentication systems, and REST APIs.
- Actively exploring real-world development tools and best practices beyond the classroom curriculum.

ADDITIONAL INFORMATION

Languages: English, Hindi.

Certifications : NPTEL– Python for Data Science(Elite) Issued by IIT Madras / SWAYAM —Scored 60%

Python Development Internship Certificate Issued by Tech Octanet Services Pvt. Ltd. – June 2024
